

08:00	Registration			
09:00	Opening presentation: Welcome to Evidence 2013 Fiona Godlee Carl Heneghan Editor in Chief, BMJ Director, Centre for Evidence-Based Medicine, University of Oxford			
09:20	Keynote: Transforming healthcare Sir Muir Gray Chief knowledge Officer of the NHS, Director of The Oxford Centre for Healthcare Transformation			
09:50	Keynote: Controversies in evidence - the case against screening in breast cancer Peter Gøtzsche Director, The Nordic Cochrane Centre			
10:20	Keynote: The next frontier for EBM – medical testing Patrick M.M. Bossuyt Professor of Clinical Epidemiology, University of Amsterdam			
10:50	Coffee			
11:20	A1 Child Health	A2 Building blocks of healthcare guidance	A3 Public-patient involvement	Workshop & Poster Sessions
	<u>1. TREKK: an initiative to mobilize knowledge on best paediatric emergency clinical care</u> Terry Klassen Director, Manitoba Institute of Child Health	<u>1. Using health technology assessments to identify, evaluate and combine research evidence</u> Peter Davidson Director of NIHR Evaluation, Trials and Studies Coordinating Centre (NETSCC)	<u>1. The Patient Paradox</u> Margaret McCartney GP in Glasgow and author of the book The Patient Paradox	<u>Oral Posters & Exhibitions</u> Workshop: <u>How to Teach EBM</u>
	<u>2. Challenges in developing an evidence base across children's services</u> Ruth Gilbert Professor of Clinical Epidemiology, Institute of Child Health, University College London	<u>2. Key tools for decision makers - how to find and interpret systematic reviews</u> Martin Burton Director of the UK Cochrane Centre	<u>2. Who holds the power in prioritising health care research...time for change?</u> Sally Crowe Co Chair James Lind Alliance	Workshop: <u>How to Appraise RCTs</u>
	<u>3. Improving Evidence-based Practice in Neonatology: from India to McMaster</u> Sourabh Dutta Associate Professor in Neonatology, McMaster University Chaired by	<u>3. Building blocks of healthcare guidance: increasing access to trial data and systematic reviews of individual participant data.</u> Lesley Stewart	<u>3. The role of patient experience in driving health care improvement and innovation</u> Martine Price Head of Patient Experience, Taunton and Somerset NHS Foundation Trust Chaired by Sir Iain Chalmers	

	<p>Terence Stephenson Nuffield Professor of Child Health, University College London</p>	<p>Director of Centre for Reviews and Dissemination (CRD)</p> <p><i>Chaired by</i> David Tovey Editor in Chief, The Cochrane Library</p>	<p>James Lind Initiative, Oxford, UK</p>	
12:50	Lunch			
13:50	<p>Keynote: <u>Evidence, policy and politics</u> <u>Clare Gerada</u> Chair of Council of the RCGP</p>			
14:20	<p>Keynote: <u>Counting the dead in developing countries</u> <u>Prabhat Jha</u> Professor, Dalla Lana School of Public Health, University of Toronto</p>			
14:50	<p>Keynote: <u>Scientific integrity in scholarly research - the challenge for publishers</u> <u>Howard Bauchner</u> Editor-in-Chief of JAMA</p>			
15:20	Coffee & Guided Poster Sessions			
16:10	<p>B1 Medical Devices</p> <p><u>1. Investigating the evidence for medical devices</u> <u>Deb Cohen</u> Assistant Editor, BMJ</p> <p><u>2. The IDEAL Collaboration: helping to improve research quality in surgery and other complex interventions</u> <u>Peter McCulloch</u> Clinical Reader in Surgery, University of Oxford</p> <p><u>3. "Are patients just pound signs?": perspectives of people with failed metal on metal hip implants</u> <u>Pauline McCormack</u> Research Associate, Newcastle University</p>	<p>B2 Diagnostics</p> <p><u>1. The Challenges of Evidence-Based Diagnostics: A NICE Perspective</u> <u>Nick Crabb</u> Associate Director, Diagnostics Assessment Programme, NICE</p> <p><u>2. Evidence-Based Monitoring: Which test? How often?</u> <u>Paul Glasziou</u> Professor, Centre for Research in Evidence-Based Practice, Bond University, Australia.</p> <p><u>3. Why are systematic reviews of diagnostic tests needed but so complicated?</u> <u>Jon Deeks</u> Professor of Biostatistics, University of</p>	<p>B3 Evidence in low-income settings</p> <p><u>1. Challenges delivering evidence-based practice in conflict zones</u> <u>Khamis Elessi</u> Head of the Gaza Evidence-Based Medicine Unit, Islamic University</p> <p><u>2. Cochrane and policy</u> <u>Catherine Gallagher</u> Director, Cochrane Collaboration College for Policy</p> <p><u>3. High quality randomised controlled trials in fluid resuscitation sub-saharan Africa: it is possible?</u> <u>Professor Kathryn Maitland</u> Professor, KEMRI-Wellcome Trust Research</p>	<p>Workshop & Poster Sessions</p> <p><u>Oral & Guided Poster Sessions</u></p> <p>Workshop: <u>How to Use Social Media</u></p> <p>Workshop: <u>How to Get Published</u></p>

	<p>Chaired by Carl Heneghan Director, Centre for Evidence-Based Medicine, University of Oxford</p>	<p>Birmingham</p> <p>Chaired by Patrick M.M. Bossuyt Professor of Clinical Epidemiology, University of Amsterdam</p>	<p>Programme</p> <p>Chaired by Ginny Barbour Chief Editor, PLoS Medicine</p>	
17:30	<p>Keynote: <u>Saints or Sinners - what is the role of the pharmaceutical industry?</u> Sir Michael Rawlins Chairman of the National Institute of Health & Clinical Excellence (NICE)</p>			
18:00	Close			
19:00	<u>Gala Dinner</u>			
Evidence Live 2013 - Tuesday 26th March				
08:00	Registration			
09:00	<p>Introduction: Opening Presentation Ben Goldacre Award-winning writer, broadcaster & medical doctor. Author of weekly Guardian column and book: 'Bad Science'</p>			
09:20	<p>Keynote: <u>Addressing unwarranted variation in healthcare - can better care cost less?</u> John E. "Jack" Wennberg Director of Clinical Evaluative Clinical Sciences (CECS), Dartmouth Medical School</p>			
09:40	<p>Keynote: <u>Issues in conducting overviews – tensions between avoiding bias and understanding the context</u> Jack Cuzick Professor of Epidemiology, Wolfson Institute of Preventive Medicine</p>			
10:10	<p>Keynote: <u>Research misconduct in pharmaceutical and medical devices industries</u> Peter Wilmshurst Honorary Consultant Cardiologist, University Hospital of North Staffordshire</p>			
10:40	Coffee			
11:10	C1 Modelling in healthcare	C2 Latest in publishing	C3 Best research papers of all time	Workshop & Poster Sessions
	<u>1. How modelling in health care influences decision making: the bottom line</u>	<u>1. Update from the Cochrane Collaboration: what's new, and what it will look like in 10</u>	Best research papers of all time <i>Chaired by</i>	<u>Oral Posters & Exhibitions</u>

	<p>Ken Stein Professor of Public Health, University of Exeter</p> <p>2. When favourable economics doesn't lead to implementation : Cascade Testing for Familial Hypercholesterolaemia an example Steve Humphries BHF Professor of Cardiovascular Genetics, University College London</p> <p>3. The role of modelling in health care Klim McPherson Visiting Professor of Public Health Epidemiology</p> <p><i>Chaired by</i> Tobias Kurth Director of Research, INSERM</p>	<p>years? David Tovey Editor in Chief, The Cochrane Library</p> <p>2. Delivering open access publishing: lessons learnt from BMJ Open Trish Groves Deputy Editor, BMJ and Editor in Chief, BMJ Open</p> <p>3. What are the new possibilities in publishing that can emerge from the PLOS model? Ginny Barbour Chief Editor, PLoS Medicine</p> <p><i>Chaired by</i> Howard Bauchner Editor-in-Chief of JAMA</p>	<p>Helen MacDonald Editor of Student BMJ</p>	<p>Workshop:How to Use Social Media</p> <p>Workshop:How to Peer Review</p>
12:30 Lunch				
13:30	<p>Keynote: How can EBM become successful? Brian Haynes Editor, ACP Journal Club</p>			
14:00	<p>Keynote: Developing evidence based public health - NICE and easy? Mike Kelly Director of the Centre of Public Health Excellence, NICE</p>			
14:30 Coffee & Guided Poster Sessions				
15:00	<p>D1 Evidence aid</p> <p>1. The lack of an evidence base for humanitarian interventions Les Roberts Director, Program on Forced Migration and Health</p> <p>2. Innovative methods to gather health care access, cost and data quality in humanitarian emergencies</p>	<p>D2 Dealing with hidden data - A new paradigm for systematic reviews?</p> <p>1. Selective publication and reporting: not things of the past An-Wen Chan Phelan Scientist, Women's College Research Institute, University of Toronto</p> <p>2. Bias in neuraminidase inhibitors - are traditional systematic review methods</p>	<p>D3 Engaging with the internet</p> <p>1. The growing role of social media to facilitate evidence-based practice James Quekett Doctors.net.uk</p> <p>2. Anarchism, Punk and EBM Jon Brassey TRIP Database Ltd & Public Health Wales</p>	<p>Workshop & Poster Sessions</p> <p>Guided Poster Sessions</p> <p>Workshop:How to Teach EBM</p> <p>Workshop:How to Get Published</p>

	<p>Paul Spiegel Deputy Director of the Division of Programme Support and Management at the United Nations High Commissioner for Refugees (UNHCR)</p> <p>3. The growing role and impact of Evidence Aid, and its 10-year direction</p> <p>Bonnix Kayabu Evidence Aid Co-ordinator at the Centre for Global Health</p> <p><i>Chaired by</i> Mike Clarke Evidence Aid; Professor/Director of MRC Methodology Hub, Queens University Belfast</p>	<p>defunct? Tom Jefferson Editor Cochrane Acute Respiratory Infections Group</p> <p><i>Chaired by</i> Doug Altman Director, Centre for Statistics in Medicine, Oxford</p>	<p><i>Chaired by</i> Luisa Dillner doc2doc</p>	
16:05	<p>K13 Keynote: <u>Taking on the establishment - investigative journalism</u> Brian Deer Investigative Reporter</p>			
16:50	<p>AllTrials Campaign and Closing Reflections Tracey Brown Managing Director, Sense About Science</p> <p>Fiona Godlee Editor in Chief, BMJ</p> <p>Carl Heneghan Director, Centre for Evidence-Based Medicine, University of Oxford</p>			
17:30	Close
