

**EVIDENCE LIVE SYMPOSIA - DAY ONE (Wednesday 21<sup>st</sup>)**

**08:00 – 09:00**

**REGISTRATION & COFFEE**

**INTRODUCTION**  
09:10 – 09:30

Lecture Theatre One  
Carl Heneghan - Welcome to Evidence Live 2017, Better Evidence Better Health Care

**WORKSHOPS /SEMINARS**  
09:30 – 11:00

Seminar Room 1

Determination of the certainty of Net benefit when making recommendations for clinical practice guidelines

Brian Alper & Peter Oettgen

Seminar Room 2

Identifying Barriers and Facilitators to maximise the Implementation of research Evidence in clinical practice

Sharon Mickan

Seminar Room 3

Routinely collected health data (RCD) for randomised controlled trials (RCT)

Lars Hemkens

Seminar Room 4

Critical appraisal of the surgical literature: Application of the IDEAL framework

Claudia Ashton

**KEYNOTE SESSION ONE**  
11:00 – 12:30

Lecture Theatre One  
Transparency of Trial Data, Improvements in Safety and Better Quality Research to Improve Healthcare

CHAIR Kamal Mahtani

Fergal O'Regan - Transparency of clinical trial data and pharmacovigilance data from EMA

Mary Dixon-Woods –Improving the evidence for improving Healthcare

Doug Altman – Scandal of poor medical research

**12:30 - 13:30**

**LUNCH**

**WORKSHOPS /SEMINARS**  
13:30 – 15:00

Seminar Room 1

How to get Published

Trish Groves

Seminar Room 2

Creating Change

Caroline Fiennes

Seminar Room 3

Fixing EBM with Data

Amitava Banerjee

Seminar Room 4

Fundamentals of EBHC

Sietse Wieringa

Lecture Theatre Two

Introduction to systematic reviews on diagnostic accuracy

Sharon Swain

**15:00 15:15**

**TEA & COFFEE BREAK**

<p>PARALLEL SESSIONS 15:15 –16:45</p>	<p>Seminar Room 1 Research Methods CHAIR: Annette Pluddemann</p> <p>Riaz Agha - The PROCESS guidelines: Preferred reporting of case series in surgery</p> <p>Abby Sabey &amp; Issy Bray - Increasing engagement with evidence in healthcare; a case study in capacity development</p> <p>Jong-Wook Ban - What predicts independent external validation of cardiovascular risk clinical prediction rules? Cox proportional hazards regression analyses</p> <p>Aviv Ladanie - Assessing drug treatment effects with published FDA approval summary documents: an experience report and practical guidance</p> <p>Cecile Janssens - Novel Citation-Based Search Method for Scientific Literature: a Validation Study</p> <p>Jamilla Hussain - Could CONSORT do more to improve the quality of missing data reporting in randomised controlled trials?</p> <p>Martinique Vella-Baldacchino – Early Involvement in Clinical governance: An introduction to the Clinical Audit Process</p>	<p>Seminar Room 2 Informed Decision Making CHAIR: David Nunan</p> <p>Claire Beynon - Dementia Health Needs Assessment (HNA): A Review of Epidemiology, Services, Health Needs and Models of Good Practice</p> <p>Matt Oxman - Effects of the Informed Health Choices primary school intervention on the ability of children in Uganda to assess the reliability of claims about treatment effects: a cluster-randomised trial</p> <p>George Farmer - Shared decision-making and informed consent post-Montgomery</p> <p>Amitava Banerjee - Personalized risk prediction using "predictive pursuit" machine learning: a pilot study in cardiac transplantation</p> <p>Linda Lapp - Developing predictive models for severe postoperative complications in cardiac patients</p> <p>Rachel Thompson - Using encounter decision aids to share decisions with women presenting with heavy menstrual bleeding</p>	<p>Seminar Room 3 Communication of Evidence CHAIR: Peter Gill</p> <p>Ryana Anjela Quero - Factors Influencing Gastric Gavage Practices of Nurses in Tertiary Level Care</p> <p>Bruce Hugman - Alternative Evidence: science and belief. The impact of the conflicting paradigms of Western scientific and traditional medicines</p> <p>Amy Price - Classification of Recommendations Across Guidelines: When do we agree?</p> <p>Sharon Mickan - The impact of small-group EBP education program: barriers and facilitators for EBP allied health champions to share learning with peers</p> <p>Wendy Opsahl - Paving the Road to Policy: An Examination of Knowledge Translation Practices of Health Services Research Organizations in the U.S.</p> <p>Akshaya Bhagavathula - Community Pharmacists' interest and attitude towards Pharmacy Practice-research in Ethiopia: A Cross-Sectional Study</p>	<p>Seminar Room 4 Evidence Synthesis CHAIR: Kamal Mahtani</p> <p>Tone Westergren - Characterization of gastrointestinal adverse effects in studies examining corticosteroid use</p> <p>Sietse Wieringa - Has evidence-based medicine ever been modern? A Latour inspired understanding of a changing EBM</p> <p>Carme Carrion - Assessing efficacy, security and effectiveness of weight control, overweight and obesity management apps: A systematic review</p> <p>Lyubov Lytvyn - Innovative patient partnership in creating trustworthy guidelines, from protocol to publication: Case studies of BMJ Rapid Recommendations</p> <p>Izhar Hasan - Clinical Pearl: POINT OF CARE CLINICAL KNOWLEDGE MANAGEMENT PLATFORM</p> <p>Karolina Wartolowska - Temporal characteristics of effect size in the placebo arm of surgical randomized controlled trials - a meta-analysis.</p>	<p>Lecture Theatre Two Regulation, Policy &amp; Accountability CHAIR: Jeffrey Aronson</p> <p>Antonio Cartabellotta - Quality and trustworthiness of clinical practice guidelines developed by Italian medical specialty societies: a cross sectional study</p> <p>Jennifer Pearson - How is musculoskeletal evidence embedded within NHS practice? Commissioners' perspectives</p> <p>Igho Onakpoya - The benefits and harms of centrally-acting anti-obesity medicines</p> <p>Asya Mussad - The Obstetric Anaesthesia Dashboard: feeding back data to improve care</p> <p>Jorge Ramirez - Management of interests in conflict: another live manifesto</p> <p>Anneli Schwarz - Staff and patient perspectives about the use of a standardised care plan in an acute stroke unit. A mixed methods study.</p>
---	--	---	--	--	---

<b>16:45 – 17:00</b>	<b>TEA &amp; COFFEE BREAK</b>				
PARALLEL SESSIONS 17:00 – 18:00	<p>Seminar Room 4 Evidence Synthesis / Other CHAIR: David Nunan</p> <p>Martin Huncovsky – Use of Cochrane online tools for teaching medical students – a case study from the Czech Republic</p> <p>Sharon Mickan – The Effectiveness and Feasibility of TREAT (Tailoring Research Evidence and Theory) Journal Clubs in Allied Health: A Cluster Randomised Controlled Trial</p> <p>Lorraine Tudor Car – Performing eLearning systematic reviews: lessons from a global initiative on digital health professionals' education</p> <p>Joel Horovitz – Safety in Surgery: the effect of an early warning system and co-management on surgical mortality</p>	<p>Lecture Theatre Two Routine Data &amp; Methods CHAIR: Peter Gill</p> <p>Miranda Wolpert – Using flawed, uncertain, proximate and sparse (FUPS) data in child mental health</p> <p>Gloria Ansa – Communicable disease mortalities trend in a University Hospital in Ghana – 37 year review of routine data</p> <p>Jong-Wook Ban – Why do authors derive new cardiovascular clinical prediction rules in the presence of existing rules? A mixed methods study</p> <p>Anneloek Rauwerdink – When research meets practice: methodology for eHealth studies: A white paper from the international eHealth methodology working group</p> <p>Riaz Agha – Impact of obesity on outcomes in breast reconstruction: a systematic review and meta-analysis</p>	<p>Lecture Theatre One Open Session</p> <p>Ben Goldacre – Live Audit &amp; Feedback (COMPARE, Trials Trackers and More)</p>		
OPEN SESSION 18:00 – 19:30	Seminar Rooms 1 – 4 Better evidence for Better Healthcare – Consultation				
<b>19:30</b>	<b>SOCIAL – Nuffield Department of Primary Care Health Sciences, Radcliffe Observatory Quarter</b>				

## EVIDENCE LIVE SYMPOSIA – DAY TWO (Thursday 22<sup>nd</sup>)

**08:00**

**BREAKFAST SESSION REGISTRATION**

<p>BREAKFAST SESSION 08:15 – 09:15</p>	<p>Muir Gray Evidence-Based Value Healthcare</p>		<p>REWARD Alliance Increased value/reduced waste (research production objectives)</p>		
<p><b>08:45 – 09:15 REGISTRATION &amp; COFFEE</b></p>					
<p>KEYNOTE SESSION TWO 09:30 11:00</p>	<p>Lecture Theatre one Better Data, Reduced Waste in Research and Public Engagement to Transform Patient Care</p> <p>CHAIR Tessa Richards Simon Denegri –Improvements in how research is done and how we might better engage the Public in Research Trish Groves – How to improve patient care through publications / Reducing waste in Research James Munro – Patient opinion: how patient stories make an impact in healthcare</p>				
<p><b>11:00 11:30 TEA &amp; COFFEE BREAK</b></p>					
<p>PARALLEL SESSIONS 11:30 13:00</p>	<p>Seminar Room 1 Routine Data CHAIR: Annette Pluddemann</p> <p>Katriina Heikkila - Risk of Major Lower Limb Amputation Following Revascularisation: Findings from Hospital Episode Statistics in 2005-2013</p> <p>Fay Chinnery - National Institute for Health Research (NIHR) Health Technology Assessment (HTA) Programme research funding and UK burden of disease: a cross-sectional study</p> <p>Jamie Falk - Money for Nothing: The Evolution of COPD Treatment in Canada</p> <p>Carol Rivas &amp; Sydney Anstee - An automated approach to analysing and visualising</p>	<p>Seminar Room 2 Informed Decision Making CHAIR: Peter Gill</p> <p>Mary Fraser - Shared decision making in veterinary and human medicine - a comparison</p> <p>Nicole Capdarest-Arest - Assessing Information Seeking Skills of Medical Students to Improve Evidence-based Practice Curriculum</p> <p>Peter Oettgen - Individualized effects for Well Informed Shared Decision Making for Atrial Fibrillation thromboembolic prophylaxis: WISDM for A FIB</p> <p>Rachel Thompson - Right For Me: Results of a Cluster Randomised Controlled Trial of Two Interventions for</p>	<p>Seminar Room 3 Communication of Evidence CHAIR: Helen Macdonald</p> <p>Aislinn Conway - Evidence Rounds: a targeted initiative to disseminate research evidence to health care professionals (HCPs)</p> <p>Riaz Agha - Consensus-based surgical case report guidelines: The SCARE Statement</p> <p>Denise Goodwin - Understanding drivers of behaviour to support knowledge translation: the example of urinary catheter care management following spinal cord injury</p> <p>Amy Price - How to implement Patient Review and navigate The BMJ</p>	<p>Seminar Room 4 Evidence Synthesis CHAIR: David Nunan</p> <p>Kushal Banerje - Homeopathy for Allergic Rhinitis: A Systematic Review</p> <p>Rabia Bashir - Do systematic review updates target questions where evidence accumulates faster?</p> <p>Junqiao Chen - Prospective Comparison between Rapid and Systematic Reviews on the Same Topics: A Feasibility Study</p> <p>Ewelina Rogozinska - Should we be concerned - what does access to Individual Participant Data tells us about the unreported outcomes?</p>	<p>Lecture Theatre Two Clinical Trials CHAIR: Jeffrey Aronson</p> <p>Amy Rogers - Large Streamlined Trials - what works, and what doesn't.</p> <p>Penny Reynolds - Why academic clinical trials fail: Trial 'cemetery demographics' and a case study</p> <p>Heidi Gardner - "Is that it?" - Using 'Explorachoc' to engage the public with clinical trials and encourage involvement with health services research</p> <p>Patrick van Rheenen - Telemonitoring versus usual care: a multicentre trial among teenagers with inflammatory bowel disease</p>

	<p>patient experience survey freetext comments to drive service improvements - Present Study: Development and Proof of Concept with patients and health care professionals</p> <p>Joy Ngai - Applied Data Intelligence for Clinicians – Scotland’s unique tools for delivering better healthcare</p> <p>Kelsey Chalmers - Measuring low-value care in Australian routinely collected health data</p>	<p>Facilitating Shared Decision-Making about Contraceptive Methods</p> <p>Janet Martin - Troubled Evidence? Tracking Excess Significance, Cherry-Picking, and Premature Closure</p> <p>Emmanuel Azuike - Clients' satisfaction with waiting time in HIV treatment centres: An urban rural comparison in Anambra State, Nigeria</p>	<p>Patient Involvement Statement</p> <p>Munya Dimairo - Journeying through the development of an adaptive designs reporting guidance: preliminary findings</p> <p>Johanes Friedel - An application to auto-generate high-evidence content for the worlds most famous encyclopaedia: Cochrane to Wikipedia in one mighty bound</p>	<p>Eve O'Toole - The development of "Evidence into Practice – Rapid Reviews"</p> <p>Anna Noel-Storr - Cochrane Crowd: using citizen science to meet the challenge of information overload in evidence production</p>	<p>Ignacio Atal - Does health research effort match health needs? A large scale comparison between the global conduct of randomized controlled trials and the global burden of diseases</p>
<b>13:00 14:30</b>	<b>LUNCH / POSTER SESSION</b>				
<p>WORKSHOPS/ SEMINAR 14:30 16:00</p>	<p>Seminar Room 1</p> <p>Paul Chrisp</p> <p>From population to personal: getting the balance right in evidence based medicine</p>	<p>Seminar Room 2</p> <p>BMJ Best Practice</p> <p>Caroline Blaine</p>	<p>Seminar Room 3</p> <p>PATIENT ENGAGEMENT</p> <p>Paul Hewitson &amp; Sandra Regan</p>	<p>Seminar Room 4</p> <p>A One Health approach to Evidence-Based Medicine – working across healthcare disciplines to improve evidence and care and contribute to the manifesto EBM 2.0</p> <p>Rachel Dean</p>	<p>Lecture Theatre Two</p> <p>TRIP - Community rapid reviews</p> <p>Jon Brassey</p>
<p>CLOSING KEYNOTE 16:00</p>	<p>Lecture Theatre One</p> <p>Evidence Policy and impacting on Global Health</p> <p>CHAIR Fiona Godlee</p> <p>Mukesh Kapila – Improving policy for humanitarian work</p> <p>Marie Lindquist – Improving policy for a positive impact on global health</p>				
<b>17:00</b>	<b>TEA &amp; COFFEE – Safe journey home</b>
